Forecast for Sunday 19 May 2024

Weather: Cloudy for most ranges, with the best chance of some brighter spells in the south and west through the day. Chance of a few showers in the south later in the afternoon. Feeling cooler than of late.

Chance of cloud-free hill tops above 800m: 30-40% at first, then generally 70-80%

Low cloud and visibility: Few/scattered cloud base 500-700m, becoming broken for a time, lifting and breaking during the first part of the morning. Few/scattered 600-800m later in the evening. Visibility poor in hill fog, otherwise mainly good, temporary reductions in showers.
